

BOSTON ARTS ACADEMY

2019

CONGRATULATIONS CLASS OF 2019!

What an amazing experience we have all had together! You have been quite a remarkable class, one that has been with us through a critical period of Boston Arts Academy's history. Thank you for your integrity, your leadership, and your great sense of humor. We literally couldn't be where we are today without you. When I think back to those students I met at admitted family night four years ago and compare them to the people who will walk across the stage in June, I can't believe the transformation. I hope you are proud of your transformation as well.

I hope you will have fond memories of Boston Arts Academy. I hope you will go through life remembering lessons you learned at Boston Arts Academy. I hope you will always embody the shared values. And I hope you are proud to now be Boston Arts Academy alumni. You will always be part of our community, and we will miss you.

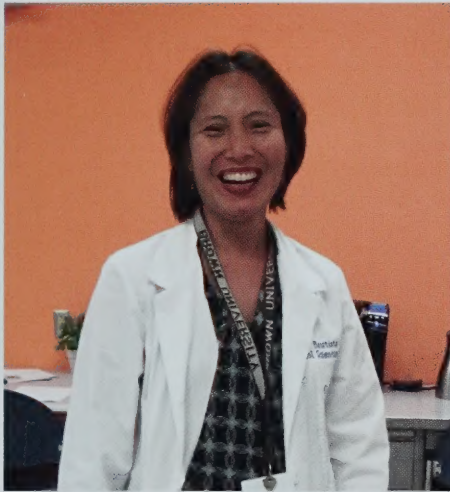

All my best, Ms. Clark

Jade A. Mitchell is a vocal major at Boston Berklee College of Music (BAA) currently concentrating on Jazz vocals but was classically trained in her hometown Moss Point, MS while she was in middle school. She was the first to appear in the Moss Point High School Jazz Band and performed with them for 3 years then moving to Boston, MA. Jade chose The Wiz as her first major project because she felt that it will allow her to open up more as an artist and helped her be able to control her stage fright by performing in more productions such as 'Dancing in the Streets' and 'The Wiz'. She learned that the value of being a supporting character is just as great as the value of a lead. She has also performed with Berklee College of Music in the City Music program and participated in the Berklee Summer 5-Week Program of which she was given the opportunity to again focus on being lead and support (back up) aspects to performance. At her school Boston Berklee Academy, she's performed in ensembles such as Gospel, Spirituals, R&B, and Jazz, and is a member of the Concert Choir. Jade has a versatile voice that can be used in many ways in many genres of music and occasionally Jade is using her talents to one day own a record label and a management firm for all artists to have a safe place to make their art without being taken advantage of. But first she is starting her journey at Berklee College of Music.

DANNY RIVERA

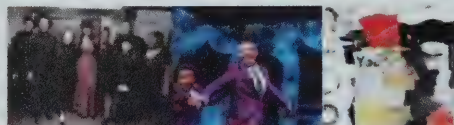

I have learned a tremendous amount through my four years at BAA. It has truly been an honor to work with such amazing artists like my class. I pray that the seeds that were planted through these four years will produce harvests for ALL of us to reap! Blessings and Godblessings!

My greatest difficulties and challenges I faced through out my high school career I did never let my side and neither did the people who mean the most to me. Thank you to all the teachers and admin for dealing with me. LDR I can't wait to come back to BAA to teach! What a day that will be... but first WE GOTTA GET THIS BREAD! if I could say one last thing to my class it would be never give up, keep the faith, you will reap a harvest if you faith not! you got this fam!

Thank you for an incredible 4 years BAA. Until next time!
